DataCollect

14.0" - 15.4"

Spacious case with trolley system for Notebooks, printer and document-sized folder

Perfect protection and room for your Mobile Computing Equipment is provided by the extra spacious DataCollect. The sturdy casing and additionally padded Notebook compartment protects your Mobile Computing Equipment while travelling. Moreover, the padded side compartment offers plenty of room for mobile printers of the follow-ing types: HP DJ 450, HP DJ 460, HP Officejet H 470, Canon iP90 and iP100 with or without the Canon Portable Kit. Next to the Notebook and printer compartment Data-Collect holds an especially large compartment for folders and other documents. Even two fully packed, document-sized folders can easily be stashed. All three compartments are connected to each other with Velcro and are attached to the inner casing, allowing for adjustments in size according to the demands at hand. The attached document compartment on the front side of the case easily holds docu-ments in an accordion-like storage system. Two side pockets hold additional storage room for mobile equipment (cell phone, pens, CDs, detachable key chain, etc.). Also, business cards and pens can be stashed on the inside of the case lid. The integrated trolley system makes for especially comfortable transportation of your mobile office.
